SAFEGUARDING MASTERCLASS

Fellowship of Inspection Nominees

About us

The range of these services have been developed as a result of extensive experience as inspectors and our continuous detailed analysis of inspection reports. Our aim is to provide clients with a customised service tailored to meet your individual needs and support you in continuing to improve the quality of your provision.

Our 2.5 hours remote Safeguarding Masterclass will provide an overview of the concept of safeguarding people and how it applies in all educational settings including apprenticeships and adult education provision. The session will cover what safeguarding protocols must be in place, best practice guidance updates, recent safeguarding and Prevent updates that should be considered for strategic implementation and how to embed a safeguarding strategy effectively.

Duration

This masterclass is delivered remotely over MS Teams for 2.5 hours to your invited delegates.

How it works

Delegates will benefit from a focused masterclass delivered by our expert subject specialist. Rachael Bishop (RLB) has over 18 years of experience in delivering, managing and governing services providing highly-effective safeguarding arrangements for children and adults.

An outstanding communicator, Rachael ensures that delegates have a clear understanding of:

- the principles of safeguarding
- the impact on learners arising from a detailed awareness and acceptance of staff, at all levels, of their responsibilities towards learners
- how to assess the impact of safeguarding arrangements on learner's progress and success
- common 'pitfalls'
- what effective governance of safeguarding and related topics looks like
- how to successfully present evidence on safeguarding and related topics during inspection
- where to seek further support.
