

# SAFEGUARDING AUDITS

## About us

We offer expert quality improvement services through our sister company ALIN. The range of these services have been developed as a result of extensive experience as inspectors and our continuous detailed analysis of inspection reports. Our aim is to provide clients with a customised service tailored to meet your individual needs and support you in continuing to improve the quality of your provision.

Our highly specialised team, including our expert subject specialist (RLB) will provide you with invaluable insights into the current effectiveness of your safeguarding arrangements. Our highly specialised team of Ofsted-trained inspectors is under-pinned by the services of Rachael Bishop. With over 18 years of experience in delivering, managing and governing services for vulnerable children and adults. Rachael is highly-qualified and experienced in designing and reviewing policies for safeguarding and related topics across a broad range of settings.

## How it works

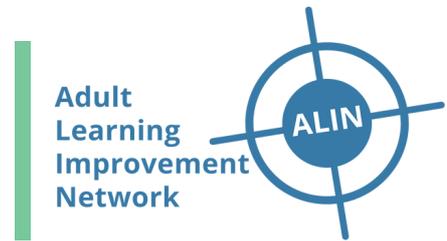

We offer two tiers of audit arising from our professional experiences, inspection practice and analysis of published Ofsted inspection reports.

### 1 Tier 1

- A review of all associated safeguarding arrangements, related policies and procedures, documentation, data, and action plans/risk assessments.
- A series of focused interviews with the DSL/appropriate staff members.
- A series of focused interviews with learners and employers, if agreed.
- Detailed immediate feedback of key messages.

### 2 Tier 2

- A review of all associated safeguarding arrangements, related policies and procedures, documentation, data, and action plans/risk assessments.
- A deep dive into safeguarding and prevent aspects of the learner journey and teaching and learning.
- A series of focused interviews with the DSL, appropriate staff members, learners, stakeholders, Governors, SMT and employers.
- A full strategic audit tool completed in partnership with the Designated Safeguarding lead.
- Access to templates and resources.
- Detailed immediate feedback of key messages.
- Coaching and mentoring for the DSL and audit template for the DSL to continue the audit cycle on a 6-month basis.

The team will compile their findings in a confidential written report providing detailed recommendations as to what you might need to do to improve further the quality of your provision and how well your organisation helps all learners to progress well and succeed.

## Who will benefit

- Independent learning providers
- GFE Colleges, specialist colleges
- Higher education providers
- Employer providers
- Local authorities
- Adult and community learning providers
